Product Information

A perfect way to hang objects from a single designated location is the Ceiling-Coupler set, which can be utilized to suspend signs, banners and display items.

Once installed objects can easily be adjusted vertically using cable hooks, side clamps and Self-Gripping gliders.

In addition to signs and banners the ceiling-coupler set is the perfect hanging apparatus for suspending art, chandeliers, collectables, cookware, panels and partitions.

Material: Brass
Available Colors: Matte Silver Finish
Available Cable Lengths: Multiple
Rated Weight: 12 lbs / 5.4 kg - (Solid Structure) - 3 lbs / 1.3 kg (Drywall - Ceiling)

Note: Toggle Bolt Anchors are required in order to achieve max weight load when installed to drywall ceiling.

The products rated weight pertains to the hardware only. Actual carrying weight may vary based on both installation and variable conditions of the structure.

Ceiling-Coupler set includes the following items:
1. Ceiling Coupler
2. Stainless-steel Cable (Various Lengths Available)
3. (1) Dry-wall Anchor / (1) Anchor screw (light weight installations)

Examples:
Ceiling Mounted Coupler Set

For use with:
Cable Hooks

Compatible With:

Installation

Coupler is installed to the ceiling with the use of both Anchors and Screws.

Heavier items that exceed 3lbs will require the use of Toggle Bolts. Refer to the diagram below for more detailed instructions.

IMPORTANT: As conditions are different from location to location it is mandatory to check that the top ceiling fixings are strong enough to take the weight of the objects being hung. The variable conditions of the ceiling may change the products allotted weight and sound judgment must always be used by the customer. It is also important to never hang items in locations that could potentially cause damage or harm to items of value, humans, and pets.

Installation Instructions:

3 - Part Assembly

1. Base
   Screws to structure

2. Ball-End Cable
   Cable is threaded through Coupler

3. Cable Coupler
   Screws to base

   Screws to base
Sign & Panel Supports - Wall Mounted Couplers

Wall-Mounted - Coupler

For use with:
- **Cable Rod**

**Price** $7.95

The wall mounted Coupler is secured to the wall and used to suspend art, panels, and signage from a single designated location using either cables or cable rods.

The multi-functional wall mounted Coupler can be used in one of two ways:

Option 1: The Coupler is secured to the wall and used in conjunction with Cables, Cable Rods, hooks, and side clamps.

Option 2: The Coupler is secured to the back of a frame, picture, sign or panel and then attached to a suspended cable or tension system.

Cable Coupler set includes the following items:
1. Cable Coupler - Two Part Assembly
2. Set screw
3. Wrench 4
4. (1) Dry-wall anchor / (1) Anchor screw (For wall-mounted installation)

**Material:** Aluminum  
**Available Colors:** Silver Matte finish  
**Rated Weight:** 5lbs / 2.2Kg

Actual carrying weight may vary based on both installation and variable conditions of the structure.

**Installation**

Wall-Mounted Installation:
1. Coupler is installed to the wall with the use of both Anchors and Screws.
2. Once installed, the set screw is loosened and the Cable Rod is inserted.
3. Once in place, the set screw is tightened to secure Cable Rod to coupler.

Sign and Panel Installation:
1. Base is secured to the back of sign, panel or frame.
2. Coupler is then secured to base.
3. Set screw is removed and coupler is placed into position on cable.
4. Once in position, set screw is tightened using the supplied key wrench.

**Installation Instructions:**

- **Secures to Sign or Panel**
- **Tension System**

---

**Compatible with:**

- **Cable Rod**

For more about this product, visit page 011
Product Information

The Cable Rod a hybrid of both the 1.8mm hanging cable and the 4mm square profile rod gives users a viable and secure means of hanging art, pictures, posters and signs.

The Cable-Rod was developed for residential and office type settings and is used in conjunction with the Wall-Mounted Coupler.

Once installed the robust Cable Rod can be used in conjunction with any of our cable series hooks and cable clamps that include both self-gripping and side screw.

Note: Cable Rod works with Wall-Mounted Coupler Only!
